

Indian Wells Valley Water District

proudly introduces

XERIC[®]

Xeriscape Education, Resource and Idea Corps

The Water District's XERIC[®] ambassadors are experienced volunteer gardeners who are ready and able to help you make your landscape more water friendly. Discover how colorful, lush and fragrant your garden can be using desert friendly plants and techniques - all with a minimum investment of maintenance, time and expense. Our ambassadors are familiar with:

- Turf removal methods
- Water wise plants
- Irrigation options
- IWV-appropriate soil amendments
- Windbreaks
- Landscaping features, including yard art, dry stream beds, etc.
- Local and Internet water friendly resources for plants, outdoor furniture, outdoor artists, garden designs, irrigation supplies, etc.

To schedule your **FREE** personal one-hour consultation, or for more information, please call Lucinda Sue at 384-5518.
