

# STREAMLINE

The Special District Website Engine

## Response to Proposed Website

### Streamline introduction

Streamline is a website development system built specifically for special districts and local agencies. Our intention is to provide a product that lets district staff focus on what they do best: deliver services to their customers. We know many special districts don't have IT staff, and our vision is to empower them with web technology that makes their lives easier, not harder.

### Platform overview: key features

- **Meeting dashboard.** The meeting dashboard is designed to help special districts keep up to date with posting requirements, including the recent requirement for virtual meeting access.
- **Agenda reminders.** Use the agenda reminder functionality to send an email to your Board Secretary before the 24 posting deadline, so you never forget to post your agenda online.
- **Transparency dashboard** helps track for transparency best practices, such as budgets, audits, and public records requests. See what content is suggested to be considered a transparent organization, or filter to see only your state requirements.
- **Clear indication of State compliance.** The transparency dashboard clearly indicates the website content required and allows you to create and publish this content with ease.  
**Compliance with all current and upcoming government requirements** (for example, the recently-passed law in CA requiring posting of most recent agenda to the home page).
- **Full ADA / Section 508 compliance** for visitors with disabilities, as required by the federal government.
- **Responsive and mobile friendly**
- **Easily embed anything:** MailChimp, Constant Contact, Survey Monkey, Google Maps, PayPal, social media feeds , and even calendars into any page in seconds.

### The Process

1. **Site set-up:** Streamline builds your new website (*~15 minutes*)
2. **Content migration (if applicable):** District staff or Streamline transfers content from the old website to the new, Streamline website.
3. **Training:** District staff members complete an online training session with our Customer Success Manager (*1 hour*)
4. **Go-Live:** Take your new website live to the world using our free, or your custom, domain
