Committee Reports

BOARD OF DIRECTORS
INDIAN WELLS VALLEY WATER DISTRICT

PLANT AND EQUIPMENT COMMITTEE
REGULAR MEETING

REPORT

MONDAY, DECEMBER 1, 2025 – 3:00PM
BOARD ROOM
500 W. RIDGECREST BLVD., RIDGECREST

Attendees: Ron Kicinski, Mallory Boyd, John Svika, Ty Staheli, George Croll and Renee Morquecho.

1. Call to Order

The meeting was called to order at 3:00 pm.

2. Committee/Public Comments

None.

3. Award of Contract: Inspection and Cleaning of Water Storage Tanks

Staff submitted the following bid results for review by the Committee:

| COMPANY | BID AMOUNT |
|--------------------------------------|-------------------|
| Catalyst Diving | \$30,400.00 |
| Inland Potable Services | \$39,570.00 |
| Advanced Diving Services | \$49,832.00 |
| Blue Locker Commercial Diving | \$91,000.00 |

The apparent low bidder was Catalyst Diving. Staff spoke with two references supplied by Catalyst Diving. Both references were very satisfied with the work performed and would hire Catalyst Diving again. Both references have used Catalyst Diving multiple times. The Committee recommended the Board award the contract for Inspection and Cleaning of Water Storage Tanks to Catalyst Diving in the amount of \$30,400.00.

4. Water System Consolidations: Update

- Inyokern CSD: Director Boyd provided an update. The District sent a letter to the ICSD last month regarding the lack of progress towards consolidation and to reject the idea of forming a Joint Powers Authority. The ICSD sent a response back to the District. These letters are on the District's website and will be discussed during the next Board meeting. It is expected that the State Water Resources Control Board will schedule another public meeting before the end of December.
- Dune 3: Staff is still waiting for State approval to proceed to bid and is working with the consulting engineering firm to make changes to the bid package. Also waiting on legal counsel to provide the updated agreement between Dune 3 and the District.
- Rademacher Way: Staff is working with legal counsel to obtain the last needed easements. Meanwhile, the project is on hold until the spring when the construction crew finishes with Brady Street.

5. Brady Street: Mainline Replacement Project Status

The project design is complete and staff have sent in the application for encroachment permit with Kern County. The final plan is to leave the old pipe in place and place the new pipe parallel to the old. A new in-house Construction Inspector has been chosen and will start once training is complete and construction begins.

6. La Mirage Area Leak Repair Assistance: Update

Staff drafted an agreement to be used when property owners in the La Mirage area are unable to afford repair of water lines that cross under the street. The property owner would agree to the District making the repair and dividing the cost of the repair up over a maximum 12 month period. The draft agreement is still with legal counsel.

7. Arsenic Plants: Update

Both plans are now offline. Plant 2 was the only one used last month and produced 14 million gallons.

8. Future Agenda Items

- Security system upgrades for solar facilities: Update
- Solar facilities repairs: Update
- La Mirage Housing Area Grant Funding
- Transmission pipeline(s) inspection and/or corrosion control installation.

9. Adjournment

The meeting was adjourned at 3:38 pm.

1. Call to Order

The Finance Committee Meeting was called to order at 3:00 pm.

2. Committee/Public Comments

None.

3. Fraud Risk Discussion

Description: Discuss potential or actual fraud risks within the organization.

The District's auditors were at the District Office for the FY2025 financial audit. At this time, we haven't received any findings.

The District has also discussed with the auditors the possibility of a future audit of the Inyokern CSD if the District is directed by the State to do a managerial consolidation.

4. GA Imported Water Costs

Description: Discuss imported water costs and potential impact to customers' bills

George Croll informed the Committee that AVEK has mentioned a possible investment need of \$50 million dollars to support the proposed pipeline. There have been discussions of the need to underground the pipeline at wash crossings.

The Committee discussed the need for the GA to do a thorough risk assessment before proceeding with construction.

5. Third Quarter 2025 Investment Reports

Description: Presentation to Committee of the quarterly investment earnings of the District's reserves in the Kern County Treasury and the State Treasury's Local Agency Investment Fund (LAIF).

COMPREHENSIVE ADJUDICATION

**COMPREHENSIVE
ADJUDICATION**

Jim Worth reported the Phase 2 trial for the determination of the Basin's Safe Yield - has a trial date of June 1, 2026. Expert rebuttal reports are due by December 6, 2025.

The first Mediation session is scheduled to take place either on February 13 or February 18, 2026.

The Reverse Validation Action filed by SVM will be heard on November 21, 2025.

The Board heard public comment from Judie Decker and Renee Westa-Lusk.

INDIAN WELLS VALLEY GROUNDWATER AUTHORITY (IWVGA)

IWVGA

A District Board member was not present at the October IWVGA Meeting.

The next IWVGA meeting is scheduled for November 12, 2025.

PLANT & EQUIPMENT COMMITTEE

P&E

John and Karin Auburn own a 3.2-acre parcel located between E. Springer and E. Kendall Avenues on Pickrell Street. The parcel is somewhat land-locked as Pickrell does not extend through to Springer. The District has a 30-foot easement for water facilities that abuts their parcel on the south and north sides. The Auburns are requesting a variance so they can avoid installation of an 8-inch pipeline to serve their parcel. They are requesting setting a meter either at the end of the water line on Pickrell or off of Springer Avenue and running a 2-inch service to their parcel from there. The District would not be responsible for the maintenance of the 2-inch pipe between the meter and the Auburn's parcel. The Committee recommended the Board grant a variance to the Auburns.

**AUBORN
VARIANCE**

MOTION: was made by Director Boyd and seconded by Director Kicinski granting a variance for APN 343-153-06 (Pickrell Street) for the Auburns. Motion was carried, unanimously. (Ayes: Boyd, Kicinski, Rajtora, Saint-Amand. Nays: None. Absent: Griffin.)

CONFERENCE AND TRAINING TRAVEL

**TRAINING
TRAVEL**

The Board requested a more detailed list of expected upcoming training to be presented and discussed at the December Administration/Executive Committee.

GENERAL MANAGER AND STAFF UPDATE

**GENERAL
MANAGER AND
STAFF UPDATE**

George Croll reported on employee injuries, delinquent accounts, conservation efforts, and public outreach. Staff gave an update on AB 1413 and AB 1466.

Staff updated the Board on items from the Committee meetings that are not individually listed on the agenda, including: discussion on Inyo County Code Enforcement notification for property in the Olancha area.

COMMITTEE
MEETING
UPDATES

Staff drafted an agreement to be used when property owners in the La Mirage area are unable to afford repair of water lines that cross under the street. The property owner would agree to the District making the repair and dividing the cost of the repair up over a maximum 12-month period. The draft agreement is still with legal counsel.

WATER
CONSOLIDATION
UPDATE

- o Inyokern CSD: Director Boyd provided an update to the Committee on the meetings he attended in Inyokern regarding the consolidation. He attended both the meeting held by the State Water Resources Control Board and the ICSD's Board meeting last month. The State indicated it would hold another meeting in December.
- o Dune 3: Staff is waiting for State approval to proceed to bid and also some changes to the bid package. Also waiting on legal counsel to provide the updated agreement between Dune 3 and the District.
- o Rademacher Way: Staff is working with legal counsel to obtain the last needed easements. Meanwhile, the project is on hold until the spring when the construction crew finishes with Brady Street.

This project is in the design phase for the first section between Inyokern Rd and Ward Ave. Staff has reviewed 60% plans with Krieger & Stewart. The plan is to abandon the old pipe in place and place the new pipe parallel to the old one. Design should be finished within the next few weeks. A new in-house Construction Inspector will be chosen the week before Thanksgiving. Kreiger & Stewart has agreed to assist in training the new inspector.

MEMORANDUM

DATE: December 1, 2025
TO: BOARD OF DIRECTORS
FROM: RENEE MORQUECHO, CHIEF ENGINEER
SUBJECT: INSPECTION AND CLEANING OF WATER STORAGE TANKS

On November 20, 2025, the District received four (4) bids for subject project. The bid amounts are as follows:

| COMPANY | BID AMOUNT |
|--------------------------------------|-------------------|
| Catalyst Diving | \$30,400.00 |
| Inland Potable Services | \$39,570.00 |
| Advanced Diving Services | \$49,832.00 |
| Blue Locker Commercial Diving | \$91,000.00 |

The apparent low bidder is Catalyst Diving. Staff was able to speak with two references supplied by Catalyst Diving. Both references were very satisfied with the work performed and would hire Catalyst Diving again. Neither experienced any issues with change orders or hidden fees. Both references have used Catalyst Diving multiple times.

Catalyst Diving is certified with the Association of Diving Contractors International (ADCI) and is registered as a Public Works Contractor (1000592226) in California, staff recommends awarding the contract to Catalyst Diving for \$30,400.00.

STATEMENT OF QUALIFICATIONS FOR

Inspection of Potable Water Reservoirs

PREPARED BY
Catalyst Diving Inc.

1. EXECUTIVE SUMMARY

The Catalyst Diving team brings innovative ideas, grounded in local experience, to solve complex challenges and projects. Catalyst Diving understands better than most that to thrive sustainably, a reliable and effective water system is crucial.

The projects we present in this document highlight our experience, specifically focused on water tank cleaning and inspections. We will pull from our broad experience to provide the resources and technical excellence you expect.

Our Contract Manager and Dive Supervisor, Aaron Hirshfield, who is established in the industry for managing projects, is supported by two task leads, each of whom are leaders in their respective fields. Among them is Devon Cox, who brings his wealth of knowledge from completing hundreds of tank inspections, cleanings, and repairs. The other task lead is Wes Gasner, who brings extensive knowledge in marine construction and potable water tank repairs. With the team's knowledge and guidance, we will readily assemble the best team for the proposed work.

Inspection diving operations are conducted using company owned and maintained commercial diving equipment. The team of divers are commercially trained and certified in accordance with Association of Diving Contractors International (ADCI) diving guidelines and Occupational Safety and Health Administration (OSHA). All members of the dive team hold current ADCI Diving and CPR/First Aid Cards.

Thank you for your consideration of our proposal. Our shared commitment to excellence, strong working relationships, and collaborative approaches will help to successfully deliver this project.

2. PROFILE OF FIRM

Catalyst Diving started from local beginnings in 2019, specializing in inspection, cleaning, and repairs of water reservoirs and related storage facilities. Catalyst Diving is proud to be an employee-owned, certified small business. Although Catalyst Diving is a relatively new firm in the industry, the team has over 25 years in the field and is eager to build relationships and successfully deliver projects. Catalyst continues to grow and has built a close-knit team to provide unmatched services to our clients.
