**1. Call to Order**

The meeting was called to order at 2:01 p.m.

**2. Committee/Public Comments**

None.

**3. Indian Wells Valley Cooperative Group**

Staff reported that since the development of the IWVGA, the Indian Wells Valley Cooperative Groundwater Management Group has lost some of its value and does not hold any authority.

The Committee discussed possible alternative funding to maintain the contract with Thomas Haslebacher, who provides stream gauge data reports and activities from Sand Canyon and Grapevine Canyon. The annual IWV Groundwater Production report will be taken over by the IWVGA Water Resource Manager.

The Committee recommends that staff inform the Group in advance of the May IWVCGMG meeting.

The Committee discussed the upcoming IWVGA Workshop scheduled for April 5, 2018 and the possibility of implementing fees to non-de-minimis pumpers.

**5. Future Source of Water Supply**

The Committee discussed current conservation efforts and recommends the District maintain status quo as conservation will be addressed by the Water Resource Manager in the Groundwater Sustainability Plan. Committee agreed to remove discussion item from future agendas.

**6. Future Agenda Items**

None.

**7. Adjournment**

The meeting was adjourned at 2:32 p.m.
