**1. Call to Order**

The meeting was called to order at 2:00 p.m.

**2. Committee/Public Comments**

None

**3. Indian Wells Valley Groundwater Authority (IWVGA)**

The Committee discussed the December 19<sup>th</sup>, IWVGA Regular Board Meeting and actions taken. Topics to discuss at the January IWVWD Regular Board meeting were decided and include:

- Groundwater Sustainability Report provided by Capitol Core Group.
- Public hearing and adoption of the Groundwater Sustainability Plan (GSP).
- Possible post GSP fees which will support future projects and an independent Groundwater Authority Administration.
- Presentation on the Department of Defense Readiness and Environmental Protection Integration (REPI) Program.

**4. Brackish Water Study**

A conference call took place December 20<sup>th</sup> with Ramboll to inquire if additional cross-sections using SkyTEM data could be generated for the area of interest to supplement the limited well log information available. If unable to have DRI refine the model, the group would seek to acquire and modify the Brown and Caldwell model to focus locally on the area of interest for the brackish test well(s).

With the decision to not hold either a TAC or PAC meeting in January, the Brackish Group has opted to cancel the January 2<sup>nd</sup> meeting as well and will reconvene February 6<sup>th</sup>. Should there be need for a discussion prior to that date, a conference call will be coordinated.

**5. Future Agenda Items**

None.

**6. Adjournment**

Meeting was adjourned at 3:00 p.m.
